#### Executive Summary

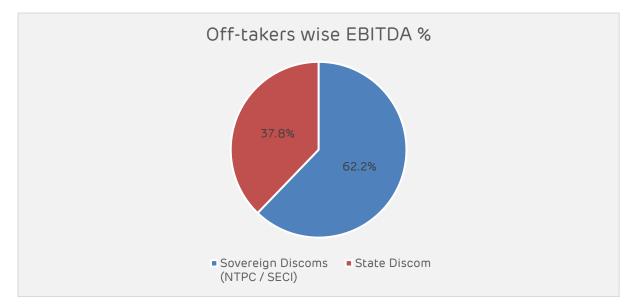

#### Adani Green Energy Obligor Group (RG 1)

420 MW of Parampujya Solar Energy Private Limited (PSEPL), 220 MW of Prayatna Developers Private Limited (PDPL) and 290 MW of Adani Green Energy (UP) Limited (AGEUPL) formed an obligor group of 930 MW i.e. RG 1.

**International Ratings**: RG 1 has been reaffirmed rating of BB+ / Stable by Fitch and BB+ / CW Negative by S&P.

**Domestic Ratings**: RG 1 has been reaffirmed rating of AA / Stable by CRISIL and AA(CE) / Stable by India Ratings.

#### Off-takers wise EBITDA (%) (FY21)

#### FY21 Developments

#### Investment by TOTAL S.A.

Adani Promoter Group, India and TOTAL, France announce the acquisition of a 20% minority interest by TOTAL in Adani Green Energy Limited (AGEL) via the acquisition of shares held by the Adani Promoter Group in AGEL.

The transaction marks the deepening partnership between the Adani Group – India's leading infrastructure platform and TOTAL – a global energy major in the transition and green energy fields in India.

TOTAL and AGEL are JV partner in 2.35 GWac portfolio of operating solar assets each holing 50% and TOTAL also holds 20% stake in AGEL.

#### COVID 19 Impact

In spite of COVID-19 pandemic, there has been no major impact on our operational portfolio as electricity generation has been notified as an essential service. The plants were operated on 24 X 7 basis with a plant availability of 99.6%.

Also electricity offtake continued as per normal course of business without any curtailments and are receiving regular collections form off-takers.

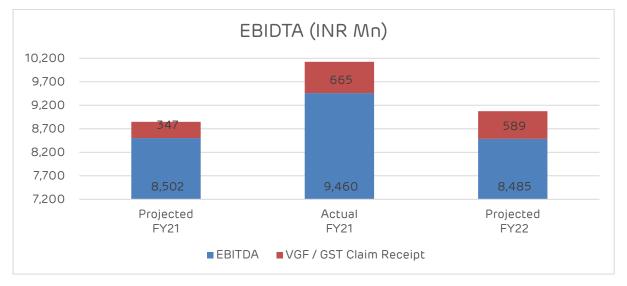

The management has adopted the new normal ways of working such as:

- a) Workforce divided into small group to avoid working in congested / confined spaces and maintain social distancing.
- b) Masks are mandatory, PPEs, thermal screening, disinfected workspaces in every shift and strict vigilance at the time of gate entry and maintain hygiene at workplace.
- c) Fully equipped Ambulances (consisting of Oxygen cylinders) and Oxygen concentrators made available at each site.

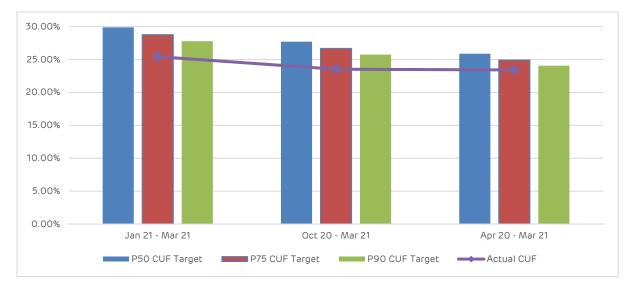

#### Financial performance

#### EBIDTA Projected vs Actual

#### Operational performance

The summary of operational performance of RG 1 entities on aggregate basis is as follows:

FY21 performance has been between P75 to P90 level of generation. Lower CUF is mainly on account of shortfall in radiation. However, plant availability of RG-1 portfolio has been maintained at 99.6%. Projected operational EBITDA has been achieved by optimising O&M cost.

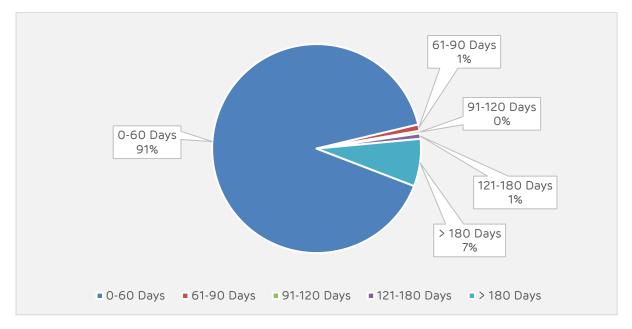

#### Covenant

The Restricted Group-I (as "RG-I") on aggregate basis has achieved following ratios:

| Summary of the Covenant (Trailing 12 Months)                                |            |        |        |        |        |  |  |  |

\* for maximum distribution level

#### Receivable position Mar 21 (INR 2,147 Mn)

In RG-1 portfolio, all the off-takers i.e SECI, NTPC, UPPCL, PSPCL and major Karnataka Discoms are generally making the payments of the invoices within estimated period of 3 months from the due date.

## Compliance Certificate (with related workings)

#### Information on Compliance Certificate and Its Workings

Dated: 25<sup>th</sup> May 2021

To:

IDBI TRUSTEESHIP SERVICES LIMITED (the "Security Trustee") CITICORP INTERNATIONAL LIMITED (the "Note Trustee") Note Holders for U.S. \$ 500,000,000 Senior Secured Notes Due 2024 IDFC First Bank Limited (the "Facility Agent")

From:

ADANI GREEN ENERGY (UP) LIMITED PARAMPUJYA SOLAR ENERGY PRIVATE LIMITED PRAYATNA DEVELOPERS PRIVATE LIMITED

Dear Sirs,

#### Prayatna Developers Private Limited, Parampujya Solar Energy Private Limited and Adani Green Energy (UP) Limited (together as "Issuers") – Note Trust Deed dated 10 June, 2019 (the "Note Trust Deed")

We refer to the Note Trust Deed. This is a Compliance Certificate given in respect of the Calculation Date occurring on 31<sup>st</sup> Mar 2021. Terms used in the Note Trust Deed shall have the same meaning in this Compliance Certificate.

The Certificate is based on the following documents:

- Restricted Group's Aggregated Accounts for 12 months period ended on Mar 31, 2021.
- 2. The Cash Flow Waterfall Mechanism as detailed in the Note Trust Deed
- 3. Working annexures

#### Computation of Operating Account Waterfall as per Note Trust Deed

We hereby make the Operating Account Waterfall and distributable amount Calculation.

| Operating Account Waterfall calculation                               | INR Mn                         | INR Mn                        |

#### Form of Compliance Certificate

Citicorp International Limited (the "Note Trustee")

39th Floor, Champion Tower Three Garden Road, Central Hong Kong Fax no.: +852 2323 0279 Attention: Agency & Trust

25<sup>th</sup> May, 2021

Dear Ladies and Gentlemen

#### PRAYATNA DEVELOPERS PRIVATE LIMITED, PARAMPUJYA SOLAR ENERGY PRIVATE LIMITED and ADANI GREEN ENERGY (UP) LIMITED (incorporated in the Republic of India with limited liability) U.S.\$500,000,000 6.250 per cent. Senior Secured Notes due 2024

In accordance with Clause 7.6 of the note trust deed dated 10 June 2019 (as amended and/or supplemented from time to time, the "**Note Trust Deed**") made between (1) Prayatna Developers Private Limited, Parampujya Solar Energy Private Limited and Adani Green Energy (UP) Limited (the "**Issuers**") and (2) the Note Trustee, we hereby certify and, in the case of paragraphs (h) and (i) below, confirm, on behalf of the Issuers, that:

(a) as at the Calculation Date, the aggregate amount for transfer to the Distribution Account in accordance with the Operating Accounts Waterfall and the Distribution Conditions is U.S.\$;

#### INR 1,004 Mn USD 13.7 Mn

(b) in accordance with the workings set out in the attached Annexure 1, the Debt Service Cover Ratio for the Calculation Period ending on the relevant Calculation Date was

#### 1.88x :1

(c) in accordance with the workings set out in the attached Annexure 2, the Fund From Operations to Net Debt Ratio for the Calculation Period ending on the relevant Calculation Date was

#### 13.32%

(d) in accordance with the workings set out in the attached Annexure 3, the Project Life Cover Ratio for the Calculation Period ending on the relevant Calculation Date was;

#### 1.81x :1

(e) as at the Calculation Date, the cash balance in each of the Project Accounts is as follows:

| Account Name       | Cash balance (INR Mn) |
|--------------------|-----------------------|
| PSEPL              | 413                   |
| PDPL               | 347                   |
| AGEUPL             | 516                   |
| Total cash balance | 1,275                 |

(f) the amount of Capital Expenditure undertaken or forecast to be undertaken by the Obligor in the six-month period commencing on the relevant Calculation Date is;

| October 1, 2020 to March 31, 2021 | INR 503 Mn |
|-----------------------------------|------------|
| April 1, 2021 to Sept 30, 2021    | INR 200 Mn |

(g) the Issuers' EBITDA (on an aggregate basis) attributable to Sovereign Counterparties for the Calculation Period ending on the relevant Calculation Date is 0.62 x :1

(h) we are acting prudently and the cash balance can be distributed as permitted under the relevant Transaction Documents;

(i) any maintenance as required under the CUF report has been completed; and

(j) to the best of our knowledge having made due enquiry, no Default subsists.

The details of all Authorised Investments in respect of each Project Account as at date of this Certificate are set in **Annexure 4**.

Terms not defined herein shall have the same meanings as provided in the Note Trust Deed and the Conditions.

Yours faithfully

| Annexure 1   |
|--|
| Workings for calculation of Debt Service Cover Ratio |

|    | workings for colociation of beat service obver Ratio   |   |
|----|--|---|
|    | Particulars  | Amount in<br>INR Mn<br>Apr 20 –<br>Mar 21 |
|    | " <b>Debt Service Cover Ratio</b> " means, in relation to a Calculation<br>Period ending on the relevant Calculation Date,   | 1.88                                      |
| i) | "Cashflow Available for Debt Service" means, in respect of any<br>period, the aggregate amount of CFADS Operating Revenue for<br>that period (which, for the avoidance of doubt, includes interest<br>revenue accrued by the Issuers on all Project Accounts (including<br>the Distribution Accounts, to the extent any such interest is<br>transferred to an Operating Account) to the extent not already<br>included in CFADS Operating Revenue), less:  | 10,330                                    |
|    | (a) Operating Expenses paid in that period, other than any other<br>Operating Expenses (including any Costs or fees payable in<br>connection with the Existing Indebtedness, the Senior Secured<br>Documents or any Additional Senior Debt or Additional<br>Subordinated Debt and any Costs or break fees payable as a<br>consequence of the repayment or prepayment of the Existing<br>Indebtedness or any Hedge Termination Payments in respect of<br>the Existing Indebtedness), in each case, funded by Permitted<br>Finance Debt, equity contributions or shareholder loans or<br>amounts withdrawn from a Project Account in accordance with<br>these Conditions or the Project Accounts Deed; | (853)                                     |
|    | (b) Taxes paid by the Issuers in that period; and  | -   |
|    | (c) amounts paid to the Security Trustee, each Representative<br>under the Senior Secured Documents and any third party paying,<br>transfer, or listing agents or registrars in relation to the Senior<br>Debt,  | -   |
|    | in each case for (b) and (c) of this definition, without double<br>counting. For any Calculation Period commencing on the Closing<br>Date, Cashflow Available for Debt Service will include any excess<br>cash in the Operating Account on the Closing Date.   | 205                                       |
|    | " <b>CFADS Operating Revenue</b> " means Operating Revenue excluding (without double counting):  | 10,978                                    |
|    | Total Operating Revenue  | 11,042                                    |
|    | (a) non-recurring significant items (including, but not limited to,<br>profits and losses on disposal of assets outside the ordinary course<br>of business);   | (64)                                      |

(b) extraordinary items (including but not limited to profits or losses on termination of any Secured Hedging Agreement);

(c) net payments received under any Secured Hedging Agreements;

(d) any other non-cash items (including but not limited to property revaluations);

(e) insurance proceeds, other than business interruption insurance proceeds or advance consequential loss of profit insurance proceeds or any proceeds applied towards reimbursement for repairs or reinstatement of an asset where the cost of the relevant repair or reinstatement is an Operating Expense;

(f) proceeds of any Finance Debt or equity; and

(g) any compensation, warranty claim or indemnity payment received under a Material Document, other than any amounts calculated with respect to or provided in lieu of revenue or where the cost, liability or loss being compensated for or the subject of the relevant warranty or indemnity is an Operating Expense.

ii) the sum of scheduled principal repayment (to the extent not refinanced, prepaid or repaid, and/or marked for refinancing) adjusting, if applicable, any opening cash carried forward from the previous Calculation Period in the Operating Account, interest payments to Senior Creditors and payments of any Costs (of recurring nature) to Senior Creditors in relation to Senior Debt due or accrued during that period, without considering any Initial Termination Payment and where such Senior Debt is denominated in a currency other than INR the relevant amounts shall be calculated at the rate at which such Senior Debt is hedged under any Hedging Agreement.

(a) Scheduled principal repayment 500
(b) Finance Cost (less interest towards related party loan charged 5,008

to P&L)

#### workings for the Fund From Operations to Net Debt Ratio

| Fund From Operations to Net Debt Ratio  | (Amounts in INR Mn)<br>Apr 20- Mar 21<br>13.32% |
|---|---|
| " <b>Funds From Operations</b> " means EBITDA minus cash taxes paid<br>and adjusted for any positive or negative adjustments in<br>working capital minus cash net interest.   |   |
| (a) EBIDTA  | 10,125  |
| (b) Less Tax Paid   | 0   |
| (c) Less Working Capital Negative Movement  | (324)<br>5,008                                  |
| (d) Cash Interest Paid  |   |
| "Net Debt" means the total indebtedness of the Issuer less any<br>amounts held in the Senior Debt Restricted Amortization<br>Account, the Senior Debt Service Reserve Accounts, the Senior<br>Debt Restricted Reserve Accounts, the Subordinated Debt<br>Service Reserve Accounts and the Senior Debt Redemption<br>Accounts. |   |
| (a) Senior Secured Debt   | 45,418  |
| (b) Cash Balance (In Various Reserve Accounts)  | 1,900   |

|--|-----------|
| Workings for the Project Life Cover Ratio                                      | As on     |
|  | Mar 31    |
|  | 2021      |
| " <b>Project Life Cover Ratio</b> " means the EBITDA forecast (on an aggregate | 1.81      |

"**Project Life Cover Ratio**" means the EBITDA forecast (on an aggregate basis) for the life of the PPAs and any residual value of assets (including cash or cash equivalents) at the end of a relevant PPA period at period N present valued at the weighted average lifecycle cost of Senior Debt outstanding on the Relevant Calculation Date divided by the Senior Debt. The EBITDA forecast for the purpose of the Project Life Cover Ratio will be based on P-90 CUF as forecast in the most recent Relevant Independent Consultant Report.

 $\Sigma(1 \text{ to } n)$  EBITDA discounted at the estimated lifecycle cost of debt (over 1 to n) divided by Senior Debt outstanding at the Calculation Date.

1 to N being the remaining life of the PPAs in number of years.

For the purposes of this definition, "**Relevant Calculation Date**" means, in respect of a Transaction Date, the immediately preceding Calculation Date and in respect of a Calculation Date, such Calculation Date.

| Facility             | Amount<br>(INR Mn) | Interest rate |

DHARMESH PARIKH & CO LLP CHARTERED ACCOUNTANTS [LLPIN: AAW-6517] 303/304, "Milestone" Nr. Drive-in-Cinema, Opp.T.V.Tower, Thaltej, Ahmedabad-380054 **Phone: 91-79-27474466** <u>Email: info@dharmeshparikh.net</u> <u>Website: www.dharmeshparikh.net</u>

#### Independent Auditors' Report

To the Board of Directors of Adani Green Energy Twenty Three Limited

#### **Report on the Audit of Combined Financial Statements**

#### Opinion

We have audited the combined financial statements of the Restricted Group which consists of Prayatna Developers Private Limited, Parampujya Solar Energy Private Limited and Adani Green Energy (UP) Limited (each, referred to as a "Restricted Entity" and collectively referred to "Restricted Group") which comprises the combined balance sheet as at 31<sup>st</sup> March, 2021, the combined statement of profit and loss (including other comprehensive income), the combined statement of cash flows and combined statement of changes in net parent investment for the year ended 31<sup>st</sup> March. 2021 and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "combined financial statements"). All Restricted Group entities are wholly owned subsidiaries of Adani Green Energy Twenty Three Limited ("AGETTL").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid combined financial statements for the year ended 31<sup>st</sup> March. 2021 give a true and fair view in accordance with the basis of preparation as set out in note 2.2 to the combined financial statements.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("Act"). Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Combined Financial Results* section of our report. We are independent of the Restricted Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the applicable provisions. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of matter**

Without modifying our opinion, we draw attention to Note 2.2 to the combined financial statements, which describes that the Restricted Group has not formed a separate legal group of entities during the year ended 31 March 2021 and which also describes the basis of preparation, including the approach to and the purpose of preparing them. Consequently, the Restricted Group's combined financial statements may not necessarily be indicative of the financial performances and financial position of the Restricted Group that would have occurred if it had operated as a single standalone group of entities during the year presented. The combined financial statements have been prepared solely for the purpose of fulfilling the requirement of the Offering Circular (OC). As a result, the combined financial statements may not be suitable for any other purpose. Our opinion is not modified in respect of this matter.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Independent Auditors' Report To the Board of Directors of Adani Green Energy Twenty Three Limited (Continue)

#### **Description of Key Audit Matters**

| 1. Recognition and measurement of Deferred Ta (Refer Note 8 to the financial statements)   | x Assets  |
|--|---|
| The Key audit matters  | How the matter was addressed in our audit   |
| Under Ind AS, the restricted group entities are<br>required to reassess recognition of deferred tax<br>asset at each reporting date. The group has<br>deferred tax assets in respect of tax losses as set<br>out in note 7 to the financial statements.<br>The restricted group entities has recognized<br>deferred tax assets in respect of tax losses to the<br>extent it is probable that the future taxable profits<br>will be available against which such carried<br>forward tax losses can be utilized before they<br>expire. The recognition is based on the projected<br>profitability.<br>There is significant judgment and complexity<br>involved in preparing forecasts of future taxable<br>profits which will result in utilization of the<br>recognized deferred tax assets. Therefore, we have<br>identified recognition and measurement of<br>deferred tax assets as a key audit matter. The<br>assessment process is based on assumptions<br>affected by expected future market or economic<br>conditions. | <ul> <li>In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:</li> <li>Evaluating the design, implementation and operating effectiveness of the relevant internal controls over recognition and measurement of current and deferred tax and underlying data;</li> <li>Obtaining the projected profitability statements for the existing projects;</li> <li>Challenging the key underlying assumptions used in forecasting future taxable profits and the expected timing of utilization of the tax losses;</li> <li>Evaluating the projections of future taxable profits and performing sensitivity analysis. Testing the underlying data and assumptions used and other convincing evidence like operating business model of the group and contractual arrangements in place. This includes Power Purchase Agreement with an external customer;</li> <li>Assessing the restricted group entities ability to avail deduction of the tax losses by evaluating the projected future taxable profits;</li> <li>Focusing on the adequacy of the group disclosures on deferred tax and assumptions used.</li> </ul> |

#### Independent Auditors' Report To the Board of Directors of Adani Green Energy Twenty Three Limited (Continue)

## Responsibilities of Management and those Charged with Governance for the Combined Financial Statements

The Management of AGETTL is responsible for the preparation and presentation of these combined financial statements that give a true and fair view of the combined state of affairs, combined loss and other comprehensive income, changes in combined net parent investment and combined cash flows in accordance with the basis of preparation as set out in Note 2.2 to these combined financial statements. This responsibility also includes maintenance of adequate accounting records for safeguarding of the assets of each restricted entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the combined financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, the Management of AGETTL is responsible for assessing the ability of each restricted entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the restricted entity or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of AGETTL is responsible for overseeing the Restricted Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these combined financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Restricted Group's internal control.

303/304, "Milestone" Nr. Drive-in-Cinema, Opp.T.V.Tower, Thaltej, Ahmedabad-380054 **Phone: 91-79-27474466** <u>Email: info@dharmeshparikh.net</u> Website: www.dharmeshparikh.net

#### Independent Auditors' Report To the Board of Directors of Adani Green Energy Twenty Three Limited (Continue)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparation of combined financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the combined financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Restricted Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the combined financial statements, including the disclosures, and whether the combined financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Restricted Group to express an opinion on the combined financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such restricted entities included in the combined financial statements of which we are the independent auditors.

We communicate with those charged with governance of AGETTL and such other restricted entities included in the combined financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the combined financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### 2.1 Purpose of the Unaudited Combined financial statements

The Combined Financial Statements have been prepared for reporting twelve months financial performance of the Restricted Group as per the requirement of Offering Circular (OC) under clause 4.1. Restricted Group has issued USD denominated Green bonds listed on Singapore Exchange Securities Trading Limited (SGX-ST). The Combined Financial Statements presented herein reflect the Restricted Group's results of operations, assets and liabilities and cash flows as at and for the twelve months ended 31st March, 2021. The basis of preparation and significant accounting policies used in preparation of these Combined Financial Statements are set out in note 2.2 and 3 below.

#### 2.2 Basis of preparation

The Combined Financial Statements of the Restricted Group have been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34) prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time (except Ind AS - 33 on Earnings Per Share) and other accounting principles generally accepted in India and the Guidance Note on Combined and Carve-out Financial Statements issued by the Institute of Chartered Accountants of India (ICAI). The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting year.

As these combined financial statements have been prepared on a combined basis, it is not meaningful to show share capital or provide an analysis of reserves. Net parent investment, therefore, represents the difference between the assets and liabilities pertaining to combined businesses. Share capital of Restricted Group is held by the Holding Company. Earnings Per Share have not been presented in these Combined Financial Statements, as Restricted Group did not meet the applicability criteria as specified under Ind AS 33 – Earnings Per Share.

Management has prepared these combined financial statements to depict the historical financial information of the Restricted Group.

The Combined Financial Statements have been prepared on a going concern basis under the historical cost convention except for Investments in mutual funds and certain financial assets and liabilities that are measured at fair values whereas net defined benefit (asset)/ liability is valued at fair value of plan assets less defined benefit obligation at the end of each reporting period, as explained in the accounting policies below.

As per the Guidance Note on Combined and Carve Out Financial Statements, the procedure for preparing combined financial statements of the combining entities is similar to that of consolidated financial statements as per the applicable Accounting Standards. Accordingly, when combined financial statements are prepared, intra-group transactions and profits or losses are eliminated. All the inter group transactions are undertaken on Arm's Length basis. The information presented in the Combined Financial Statements of the Restricted Group may not be representative of the position which may prevail after the transaction. The resulting financial position may not be that which might have existed if the combining businesses had been stand-alone business.

Net parent investment disclosed in the Combined Financial Statements is not the legal capital and Other equity of the Restricted Group and is the aggregation of the Share Capital, Unsecured Perpetual Debt and Other equity of each of the entities with in the Restricted Group.

Accordingly, the following procedure is followed for the preparation of the Combined Financial Statements:

(a) Combined like items of assets, liabilities, equity, income, expenses and cash flows of the entities of the Restricted Group.

(b) Eliminated in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Restricted Group.

These are Combined Financial Statements and may not be necessarily indicative of the financial performance, financial position and cash flows of the Restricted Group that would have occurred if it had operated as separate stand-alone entities during the year presented or the Restricted Group's future performance. The Combined Financial Statements include the operation of entities in the Restricted Group, as if they had been managed together for the year presented.

Transactions that have taken place with the Unrestricted Group Entities (i.e. other entities which are a part of the Group or wider Adani Group and not included in the Restricted Group of entities) have been disclosed in accordance of Ind AS 24, Related Party Disclosures. The preparation of financial information in conformity with Ind AS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Restricted Group's accounting policies.

Income taxes are arrived at by aggregation of the tax expenses actually incurred by the combining businesses, after considering the tax effects of any adjustments which is in accordance with the Guidance Note on Combined and Carve-Out Financial Statements issued by the ICAI.

#### 3 Significant accounting policies

#### a Property, plant and equipment

#### i. Recognition and measurement

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, are capitalised along with the respective asset.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, Write back of creditors over concern of performance of assets, any directly attributable cost of bringing the item to its working condition for its intended use. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

#### ii. Subsequent measurement

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Restricted Group.

#### iii. Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using Straight Line method. The useful life of property, plant and equipment is considered based on life prescribed in part C of Schedule II to the Companies Act, 2013, except in case of the Plant and machinery, wherein the life of the assets has been estimated at 30 years based on technical assessment taking into account the nature of assets, the estimated usage of the assets, the operating condition of the assets, anticipated technical changes, manufacturer warranties and maintenance support. In case of major components identified, depreciation is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

#### iv. Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Unaudited Combined Statement of Profit and Loss.

#### b Intangible Assets

#### i. Recognition and measurement

Intangible assets acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses.

The residual values, useful lives and method of depreciation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

#### ii. Amortisation

Amortisation is recognised using Straight Line method over their estimated useful lives. Estimated useful life of the Computer Software is 5 years.

#### iii. Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition are recognised in the Unaudited Combined Statement of Profit and Loss.

#### c Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property plant and equipment on completion of construction/ erection of the capital project/ property plant and equipment.

#### d Financial Instruments

#### Recognition and measurement

Trade receivables and debt securities issued are initially recognised when they originate. All other financial assets and financial liabilities are recognised when the Restricted Group becomes a party to the contractual provisions of the instruments.

A financial asset and financial liability is initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the Unaudited Combined Statement of Profit and Loss.

Financial assets and financial liabilities are offset when the Restricted Group has a legally enforceable right (not contingent on future events) to off-set the recognised amounts either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### Restricted Group

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

#### e Financial assets

#### Initial recognition and measurement

On initial recognition, a financial asset is measured at fair value and subsequently measure at amortised cost, FVTOCI or FVTPL as per terms of instrument.

#### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified based on assessment of business model in which they are held. This assessment is done for portfolio of the financial assets. The relevant categories are as below:

#### i) At amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### ii) At fair value through Other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

• the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

• the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### iii) At fair value through profit and loss (FVTPL)

Financial assets which are not measured at amortised cost and are held for trading are measured at FVTPL.

Fair value changes related to such financial assets including derivative contracts are recognised in the Unaudited Combined Statement of Profit and Loss .

#### **Business Model Assessment**

The Restricted Group makes an assessment of the objectives of the business model in which a financial asset is held because it best reflects the way business is managed and information is provided to management.

The assessment of business model comprises the stated policies and objectives of the financial assets, management strategy for holding the financial assets, the risk that affects the performance etc. Further management also evaluates whether the contractual cash flows are solely payment of principal and interest considering the contractual terms of the instrument.

#### Derecognition of financial assets

The Restricted Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Restricted Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Unaudited Combined Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

#### Impairment of Financial assets

The Restricted Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses rate the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Restricted Group in accordance with the contract and all the cash flows that the Restricted Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. The Restricted Group estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Restricted Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Restricted Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

The Restricted Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure;

a) Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balances.

b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

#### f Financial liabilities and equity instruments

#### Classification as debt or equity

Debt and equity instruments issued by the Restricted Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Restricted Group are recognised at the proceeds received, net of direct issue costs.

#### **Financial liabilities**

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

#### Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the Unaudited Combined Statement of Profit and Loss.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost. Financial liabilities at FVTPL

A financial liability may be designated as at FVTPL upon initial recognition if:

• such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

• the financial liability whose performance is evaluated on a fair value basis, in accordance with the Restricted Group's documented risk management;

Fair value changes related to such financial liabilities including derivative contracts like forward currency contracts and options to hedge the Restricted Group's foreign currency risks are recognised in the Unaudited Combined Statement of Profit and Loss.

#### Derecognition of financial liabilities

The Restricted Group derecognises financial liabilities when, and only when, the Restricted Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Unaudited Combined Statement of Profit and Loss.

#### **Derivative Financial Instruments**

#### Initial recognition and subsequent measurement

The Restricted Group uses derivative financial instruments, such as forward currency contracts and options to hedge its foreign currency risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Unaudited Combined Statement of Profit and Loss as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

#### g Inventories

Inventories are carried at the lower of the cost and net realisable value after providing for obsolescence and other losses where considered necessary. Cost of Inventories comprises all cost of purchase and other cost incurred in bringing inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Net Realisable Value in respect of stores and spares is the estimated current procurement price in the ordinary course of the business.

#### h Current and non-current classification

The Restricted Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle or
- Held primarily for the purpose of trading or
- Expected to be realised within twelve months after the reporting period, or

• Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Restricted Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Restricted Group has identified twelve months as its operating cycle.

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

adani

#### Foreign currencies

Transactions in foreign currencies are initially recorded by the Restricted Group at its functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences are recognized in the Unaudited Combined Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

#### j Government grants

Government grants are not recognised until there is reasonable assurance that the Restricted Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in Unaudited Combined Statement of Profit and Loss on a systematic basis over the periods in which the Restricted Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Restricted Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to profit and loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Restricted Group with no future related costs are recognised in profit and loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

#### k Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are rendered to the customer at an amount that reflects the consideration to which the Restricted Group expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount, the Restricted Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The accounting policies for the specific revenue streams of the Restricted Group are summarized below:

i) Revenue from Power Supply is recognised in terms of the Power Purchase Agreements (PPA) entered with Central and State Distribution Companies and is measured at the value of the consideration received or receivable, net of discounts if any.

ii) The Restricted Group's contracts with customers for the sale of goods generally include one performance obligation. Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customers, generally on delivery of the goods.

iii) Interest income is recognised on Effective Interest Rate (EIR) basis taking into account the amount outstanding and the applicable interest rate. Dividend income is accounted for when the right to receive income is established

iv) Delayed payment charges and interest on delayed payment for power supply are recognized based on conclusive evidence regarding ultimate collection.

#### Contract Balances

#### Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Restricted Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

#### Trade receivables

A receivable represents the Restricted Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

#### **Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Restricted Group has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Restricted Group performs obligations under the contract.

#### Restricted Group

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

#### I Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

adani

All other borrowing costs are recognised in the Unaudited Combined Statement of Profit and Loss in the period in which they are incurred. **m** Employee benefits

#### i) Defined benefit plans:

The Restricted Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Restricted Group recognises the following changes in the net defined benefit obligation as an expense in the Unaudited Combined Statement of Profit and Loss: - Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

- Net interest expense or income.

#### ii) Defined contribution plan:

Retirement benefit in the form of Provident Fund and Family Pension Fund is a defined contribution scheme. The Restricted Group has no obligation, other than the contribution payable to the provident fund. The Restricted Group recognizes contribution payable to the provident fund scheme as a charge to the capital work-in-progress till the capitalisation of the projects otherwise the same is charged to the Unaudited Combined Statement of Profit and Loss for the period in which the contributions to the respective funds accrue.

#### iii) Compensated Absences:

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method.

#### iv) Short term employee benefits:

Short-term employee benefit obligations are recognised at an undiscounted amount in the Unaudited Combined Statement of Profit and Loss for the reporting period in which the related services are received.

#### n Taxation

Tax on Income comprises current and deferred tax. It is recognised in the Unaudited Combined Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in net parent investment or in other comprehensive income.

#### Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the reporting period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

#### Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Restricted Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is also recognised in respect of carried forward tax losses and tax credits subject to the assessment of reasonable certainty of recovery.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Unaudited Combined Statement of Profit and Loss is recognized outside with the underlying items i.e. either in the statement of other comprehensive income or directly in net parent investment as relevant.

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

#### o Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Restricted Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When the Restricted Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Unaudited Combined Statement of Profit and Loss net of any reimbursement. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

#### p Impairment of non-financial assets

At the end of each reporting period, the Restricted Group reviews the carrying amounts of non-financial assets, other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Restricted Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Unaudited Combined Statement of Profit and Loss . Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

#### q Leases

The Restricted Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Restricted Group recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Restricted Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Restricted Group is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Restricted Group by the end of the lease term or the cost of the right-of-use asset reflects that the Restricted Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Restricted Group's incremental borrowing rate. Generally, the Restricted Group uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method.

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

#### r Hedge Accounting

The Restricted Group designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements :

- there is an economic relationship between the hedged items and the hedging instruments,

- the effect of credit risk does not dominate the value changes that result from that economic relationship,

- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Restricted Group documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

#### Cash flow hedges

The Restricted Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Unaudited Combined Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Unaudited Combined Statement of Profit and Loss upon the occurrence of the underlying transaction.

#### s Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Cash and cash equivalents for the purpose of Unaudited Combined Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

#### 3 Use of estimates and judgments

The preparation of the Restricted Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### Key Sources of Estimation uncertainty:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Restricted Group. Such changes are reflected in the assumptions when they occur.

#### i) Useful lives and residual value of property, plant and equipment

In case of the power plant assets, in whose case the life of the assets has been estimated at 30 years for solar power generation projects based on technical assessment, taking into account the nature of the assets, the estimated usage of the asset, the operating condition of the asset, anticipated technological changes, manufacturer warranties and maintenance support, except for major some components identified during the year, depreciation on the same is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

#### ii) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Restricted Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Restricted Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

• Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

• Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

• Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

#### iii) Taxes

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets.

#### iv) Impairment of Non Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted future cash flows model. The recoverable amount is sensitive to the discount rate used for the discounted future cash flows model as well as the expected future cash-inflows and the growth rate used.

#### v) Recognition and measurement of provision and contingencies

The Restricted Group recognises a provision if it is probable that an outflow of cash or other economic resources will be required to settle the provision. If an outflow is not probable, the item is treated as a contingent liability. Risks and uncertainties are taken into account in measuring a provision.

| (a) | The Restricted Group has received demand for liquidation damages for various projects completed beyond the contractually agreed dates. In some of the cases, the Restricted Group has filed appeal and in remaining cases, the Restricted Group is in process of filing appeal against such demands with appellant authorities. The management believes the reason for delay were not attributable to the Restricted Group and the facts underlying the Restricted Group's position, it believes that the probability that it will ultimately be found liable for these assessments currently does not seem probable and accordingly has not accrued any amount with respect to these matters in its financial statements. The Restricted Group does not expect the impact of these demands to have a material adverse effect on its financial position and financial results. | 476   | 506   |
| (b) | The Restricted Group has filled an appeal against demands from Income Tax department for AY 2016-17. The appeal has been filed to CIT(A). The Restricted Group does not expect the impact of these demands to have a material adverse effect on its financial position and financial results.  |   | 5   |

adani

(c) The Honourable Supreme Court of India vide its order dated 28th February, 2019 held that 'Basic Wages' for the contribution towards Provident Fund (PF) should only exclude [in addition to specific exclusions under Section 2(b)(ii) of the Employees Provident Fund Act, 1952]:

a) amounts that are payable to the employee for undertaking work beyond the normal work which he/she is otherwise required to put in and

b) allowances which are either variable or linked to any incentive for production resulting in greater output by an employee and that the allowances are not paid across the board to all employees in a particular category or were being paid especially to those who avail the opportunity.

With reference to the above mentioned judgment, the Restricted Group's Management is of the view that there is considerable uncertainty around the timing, manner and extent in which the judgment will be interpreted and applied by the regulatory authorities. Management has evaluated the probable impact of the same and concluded that there is very insignificant impact of the same on the company, accordingly no impact in the books of accounts has been considered.

#### 34 Leases

Restricted Group

The Restricted Group has elected below practical expedients on transition to Ind AS 116:

1. Applied a single discount rate to a portfolio of leases with reasonably similar characteristics.

2. Applied the exemption not to recognise right of use assets and lease liabilities with less than 12 months of lease term on the date of initial application.

Excluded the initial direct costs from the measurement of right of use asset at the date of initial application.
 Elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date, the Restricted Group relied on its assessment made applying Ind AS 17 Leases.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

The Restricted Group has elected not to apply the requirements of Ind AS 116 to short term leases of all the assets that have a lease term of twelve months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight line basis over the lease term.

The Restricted Group has lease contracts for land used in its operations. Leases of this items generally have lease terms of 25 years, the Restricted group is restricted from assigning and subleasing the leased assets.

The weighted average incremental borrowing rate applied to lease liabilities is 10.50%.

The following is the movement in Lease liabilities:

| Particulars                                | (₹in Millions) |
|--|----------------|
| Balance as at 1st April, 2019              | 1,436          |
| Finance costs incurred during the year     | 148            |
| New Lease Contract entered during the year | 2              |
| Payments of Lease Liabilities              | (105)          |
| Balance as at 31st March, 2020             | 1,481          |
| Finance costs incurred during the year     | 151            |
| Payments of Lease Liabilities              | (89)           |
| Balance as at 31st March, 2021             | 1,543          |
|  |                |

The Restricted Group's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of entities forming part of Restricted Group. The Management ensures appropriate risk governance framework for the Restricted Group through appropriate policies and procedures and that risks are identified, measured and managed in accordance with the Restricted Group's policies and risk.

The Restricted Group's financial liabilities comprise mainly of borrowings, trade and other payables. The Restricted Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Restricted Group has exposure to the following risks arising from financial instruments:

Market risk;

- Credit risk; and

#### - Liquidity risk Market risk

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk.

#### i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Restricted Group's exposure to the risk of changes in market interest rates relates primarily to the Restricted Group's Non-current debt obligations with fixed and floating interest rates.

The Restricted Group manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. The Restricted Group borrowings from banks / Financial Institutions are at floating rate of interest and borrowings from related parties are at fixed rate of interest.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuations at the end of the reporting period. The said analysis has been carried on the amount of floating rate Non-current liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points and all other variable were held constant, the Restricted Group's loss for the period / year would increase or decrease as follows:

|   | For the Year ended    | For the year ended<br>31st March 2020 |  |
|---|-----------------------|---------------------------------------|--|
|   | 31st March, 2021      |                                       |  |
|   | (₹in Millions)        | (₹in Millions)                        |  |
| Total Exposure of the Restricted Group to variable rate of borrowing                    | 10,999                | 10,499                                |  |
| Impact on loss for the year (before tax)  | 55                    | 52                                    |  |
| The year and balances are not accessfully correspondentive of the average debt outstand | adiaa dusiaa tha yaas |                                       |  |

The year end balances are not necessarily representative of the average debt outstanding during the year.

#### ii) Foreign Currency risk

Foreign Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Restricted Group is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Restricted Group's operating and financing activities. The Restricted Group hedges 25% of its total exposure for 12 months as per the policy.

Every 1% depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar and other currencies on the exposure of \$ 2 million as on 31st March, 2021 and \$ 3.1 million as on 31st March, 2020, would have decreased/increased the Restricted Group's loss for the year as follows :

|  | For the Year ended | For the year ended |
|--|--------------------|--------------------|
|  | 31st March, 2021   | 31st March 2020    |
|  | (₹in Millions)     | (₹in Millions)     |
| Impact on loss for the year (before tax) | 2                  | 2                  |

#### iii) Price risk

The Restricted Group's exposure to price risk in the investment in mutual funds and classified in the balance sheet as fair value through profit or loss. The Restricted Group's non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. Management monitors the investments closely to mitigate its impact on profit or loss and cash flows.

#### Credit risk

#### Trade Receivable:

Major receivables of the Restricted Group are from State and Central distribution Companies (DISCOM) which are Government Entities. The Restricted Group is regularly receiving its dues from DISCOM. Delayed payments carries interest as per the terms of agreements. Trade receivables are generally due for lesser than one year, accordingly in relation to these dues, the Restricted Group does not foresee any Credit Risk.

#### Other Financial Assets:

This comprises mainly of deposits with banks, investments in mutual funds and other intercompany receivables. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are group companies, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by the international credit rating agencies.

#### Liquidity risk

Liquidity risk is the risk that the Restricted Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Restricted Group monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Restricted Group's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through continued support from lenders, trade creditors as well as through issue of equity shares.

The Restricted Group expects to generate adequate cash flows from operations in order to meet its external financial liabilities as they fall due. The Restricted Group has understanding with the Holding Company and Unrestricted Group entities to extend repayment terms of borrowings as required.

#### Maturity profile of financial liabilities:

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

| e than 5 Years<br>6,399 | <b>Total</b> 63,537              |

#### Capital Management

The Restricted Group's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Restricted Group's overall strategy remains unchanged from previous year.

The Restricted Group sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, debt securities and other Non-current/current borrowings. The Restricted Group's policy is to use current and non-current borrowings to meet anticipated funding requirements. The Restricted Group monitors capital on the basis of the net debt to equity ratio.

The Restricted Group believes that it will able to meet all its current liabilities and interest obligation on timely manner, Since most of the current liabilities is from Unrestricted Group entities.

The Restricted Group's capital management ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period. No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2021 and 31st March, 2020.

| Total   | •  | •                                       | 64,529         | 64,529         |

Note:

(i) Investments in Unrestricted Group entities classified as equity investments have been accounted at cost. Since these are scope out of Ind AS 109 for the purposes of measurement, the same have not been disclosed in the tables above.

(ii) Fair value of financial assets and liabilities measured at amortised cost is not materially different from the fair value. Further, impact of time value of money is not significant for the financial instruments classified as current. Accordingly, the fair value has not been disclosed separately.

(iii) Trade Receivables, Cash and Cash Equivalents, Other bank balances, Loans, Other Financial Assets, Current Borrowings, Trade Payables and Other Current Financial Liabilities: Fair values approximate their carrying amounts largely due to short-term maturities of these instruments.

#### 38 Fair Value hierarchy :

(i) The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

(ii) The fair values of the derivative financial instruments has been determined using valuation techniques with market observable inputs as at reporting date. The models incorporate various inputs including the credit quality of counter-parties and foreign exchange rates.

39 As per Indian Accounting standard 19 "Employee Benefits", the disclosure as defined in the accounting standard are given below. The status of gratuity plan as required under Ind AS-19 :

The Restricted Group operates a defined benefit plan (the Gratuity plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The Restricted Group has a defined benefit gratuity plan (funded) and is governed by the Payment of Gratuity Act, 1972. Under the Act, every employee who has completed at least five year of service is entitled to gratuity benefits on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with Life Insurance Corporation of India (LIC).

Each year, the management reviews the level of funding in the gratuity fund. Such review includes the asset-liability matching strategy. The management decides its contribution based on the results of this review. The management aims to keep annual contributions relatively stable at a level such that no plan deficits will arise.

| vii Sensitivity Analysis  |  |  |

#### vii. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

|          |  | As at<br>31st March, 2021<br>(₹ in Millions) | As at<br>31st March, 2020<br>(₹ in Millions)  |
|----------|--|--|---|
|          |  | -  | 13  |

#### viii. Asset Liability Matching Strategies

The Restricted Group has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Restricted Group is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset).

#### Notes to Combined Financial Statements as at and for the Year ended 31st March, 2021

### ix. Effect of Plan on Entity's Future Cash Flowsa) Funding arrangements and Funding Policy

The Restricted Group has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Restricted Group. Any deficit in the assets arising as a result of such valuation is funded by the Restricted Group.

#### b) Expected Contribution during the next annual reporting period

The Restricted Group's best estimate of Contribution during the next year is Nil (as at 31st March, 2020 ₹ 13 millions)

| c) Maturity Profile of Defined Benefit Obligation<br>Weighted average duration (based on discounted cash flows) - NA |                 |
|--|-----------------|
| Expected cash flows over the next (valued on undiscounted basis):  | (₹ in Millions) |
| 1 year   | NA              |
| 2 to 5 years   | NA              |
| 6 to 10 years  | NA              |
| More than 10 years   | NA              |

x. The Restricted Group has defined benefit plans for Gratuity to eligible employees, the contributions for which are made to Life Insurance Corporation of India who invests the funds as per Insurance Regulatory Development Authority guidelines.

The discount rate is based on the prevailing market yields of Government of India's securities as at the balance sheet date for the estimated term of the obligations.

The actuarial liability for compensated absences (including Sick Leave) as at the year ended 31st March, 2021 is Nil (as at 31st March, 2020 ₹ 10 millions). (For applicable assumptions refer note (vi)).

#### Defined Contribution Plan

Contribution to Defined Contribution Plans for the year is as under :

|   | For the Year ended | For the year ended |
|---|--------------------|--------------------|
|   | 31st March, 2021   | 31st March 2020    |
|   | (₹ in Millions)    | (₹ in Millions)    |
| Employer's Contribution to Provident Fund | -                  | 6                  |

41 The Restricted Group's activities during the year revolve around renewable power generation. Considering the nature of The Restricted Group's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS - 108 – "Operating Segments", prescribed under Companies (Indian Accounting Standards) Rules, 2015. As the Restricted Group's entire revenue is from domestic sales, no separate geographical segment is disclosed. Revenue is mainly derived from customer A, B and C which individually accounts for 41.7% (31st March, 2020 : 41.9%), 16.9% (31st March, 2020 : 23.7%) and 11.6% (31st March, 2020 : 16.7%) respectively of the Restricted group's revenue during the year 31st March, 2021.

#### 42 Due to micro, small and medium enterprises

On the basis of the information and records available with management, outstanding dues to the Micro and Small enterprise as defined in the MSMED Act. 2006 are disclosed as below.

| Particulars  | As at<br>31st March, 2021<br>(₹ in Millions) | As at<br>31st March, 2020<br>(₹ in Millions) |
|--|--|--|
| Principal amount remaining unpaid to any supplier as at the year end   | 32   | 49   |
| Interest due thereon<br>Amount of interest paid by the Restricted Group in terms of section 16 of the MSMED, along<br>with the amount of the payment made to the supplier beyond the appointed day during the<br>accounting year | -  | -  |
| Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED                     |  | -  |
| Amount of interest accrued and remaining unpaid at the end of the accounting year<br>Amount of further interest remaining due and payable even in succeeding years   | -  | -  |

The disclosure in respect of the amount payable to enterprises which have provided goods and services to the Restricted Group and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 has been made in the Financial statement as at 31st March, 2021 based on the information received and available with the entities of Restricted Group.

- 43 During the previous year, the Restricted Group has refinanced its earlier borrowings through issuance of secured senior notes (US\$ denominated bonds) and rupee term loans from a bank and financial Institutions. On account of such refinancing activities, the Restricted Group has incurred a onetime expense aggregating to ₹743 Millions. These expenses comprises of prepayment charges, unamortized portion of other borrowing cost related to earlier borrowings and cost of premature termination of derivative contracts. The same are treated as exceptional items in the unaudited combined financial statements.
- 44 On 20th September, 2019, vide the Taxation Laws (Amendment) Ordinance, 2019 ('the Ordinance'), the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 1st April, 2019, subject to certain conditions.

The Restricted Group had created provision for tax expense @ 25.17% (under the New Tax Regime) at the time of finalizing the financial statements for the year ended 31st March, 2020 since the Restricted Group was of the view that this option was more beneficial.

Basis the overall tax evaluation, certain entities of the Restricted Group filed the Income Tax Return under the Old Tax Regime as it was considered to be more beneficial to unrestricted group entities.

#### 45 Contract Balances

(a) The following table provides information about receivables, contract assets and contract liabilities from the contracts with customers.

|  |   | (₹ in Millions)           |
|--|---|---------------------------|
| Particulars  | As at                                       | As at                     |
|  | 31st March, 2021                            | 31st March, 2020          |
| Trade receivables (refer note 12)  | 1,679                                       | 1,018                     |
| Contract assets - Unbilled Revenue (refer note 16)                                       | 901   | 886                       |
| The contract assets primarily relate to the Restricted Group's right to consideration fo | or work completed but not billed at the rep | orting date. The contract |

assets are transferred to receivables when the rights become unconditional. This usually occurs when the Restricted Group issues an invoice to the Customer. The contract liabilities primarily relate to the advance consideration received from the customers.

| (b) Significant changes in contract assets and liabilities during the period:         |                                   | (₹ in Millions)    |
|---|-----------------------------------|--------------------|

| contracted price:   |                                   | (₹ in Millions)    |
| Particulars   | For the Year ended                | For the year ended |
| Particulars   | 31st March, 2021                  | 31st March 2020    |
| Revenue as per contracted price   | 9,437                             | 8,894              |
| Adjustments   |                                   |                    |
| Discounts   | 65                                | 53                 |
| Revenue from contract with customers  | 9,372                             | 8,841              |
| The Destricted Crows does not have any complete confermance obligation for sale of an | odc                               |                    |

The Restricted Group does not have any remaining performance obligation for sale of goods.

46 Due to ongoing impact of COVID-19 globally and in India, the Group has assessed the likely adverse impact on economic environment in general and financial risks on account of COVID-19. The Group is in the business of power generation which is an essential service as emphasized by the Ministry of Power, Government of India. The demand of power is continuously increasing throughout the year with increasing economic activities in the country. The management has estimated its future cash flows for the Group which indicates no major impact in the operational and financial performance of the Group. The management, however, will continue to closely monitor the performance of the Group.

#### 47 Recent Pronouncements

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

#### Balance Sheet:

· Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.

• Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.

Specified format for disclosure of shareholding of promoters.

• Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.

• If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.

• Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

#### Statement of Profit & Loss:

· Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of combined financial statements.

The amendments are extensive and the Restricted Group will evaluate the same to give effect to them as required by law.

48 Entities forming part of the Restricted Group does not have any employees. The operational management and administrative functions of the entities forming part of the Restricted Group are being managed by the Ultimate Holding Company.

49 Previous year figures have been regrouped and rearranged wherever necessary to conform to this year's classification.

#### 50 Events occurring after the Balance sheet Date

The Restricted Group evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the unaudited combined financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the unaudited combined financial statements. There are no subsequent events to be recognized or reported that are not already disclosed.

AI

#### 51 Approval of financial statements

The financial statements were approved for issue by the board of directors on 3rd May, 2021.
